3. PROFILE OF SKILLS AND COMPETENCES

Master craftsmen/mistresses in the orthopaedic footwear making trade have the professional, methodological, social and personal skills to manage and organise a orthopaedic footwear making trade company. In consideration of the customer requirements you can:

- develop a range of services and offer services, in particular:
 - create work plans, sketches and technical drawings, in particular profile and construction drawings, also using computer-assisted systems,
- provide services, in particular:
 - considering the modes of action of therapeutic appliances and aids, biomechanics, molding and production techniques, professional legal regulations, technical standards and generally recognized rules of technology, the possibilities of deploying personnel, apprentices, materials, and equipment,
 - apply knowledge of the anatomy, physiology and pathology of the supporting and locomotor system in orthopaedic footwear technology supply, consider the types and properties of materials and auxiliary materials to be processed in planning and production,
 - apply orthopaedic measuring systems and molding techniques, also by using electronic measuring systems,
 - measure, design and manufacture orthopaedic aids for foot and lower leg according to medical prescription, in particular foot prostheses and lower leg orthoses,
 - attach orthopaedic adjustments to ready-made shoes, adjust and set prefabricated and ready-made foot, ankle and knee orthoses; measure and customize foot and knee supports as well as medical compression stockings and tights, conduct foot care measures,
- checking, documenting, handing over and invoicing services, in particular:
 - conduct fault detection, master measures to eliminate faults, evaluate and document results.

In doing so, you make commercial, human resources and legally justified decisions, implement them and justify them. This includes in particular:

- plan, control and monitor work and business processes in a responsible position from an entrepreneurial perspective as well as ensure quality and sustainability,
- lead employees, enable further training and implement personnel development measures,
- qualify trainees in their craft in consideration of pedagogical and legal-organisational requirements.

4. RANGE OF OCCUPATIONS ACCESSIBLE TO THE HOLDER OF THE CERTIFICATE

Master craftsmen/mistresses in the orthopaedic footwear making trade independently manage companies or take on management tasks in companies and business premises of the orthopaedic footwear making trade. In craft or industrial companies, they take on in addition to providing services one or more of the following activities:

- commercial and business management,
- technical management,
- organisation of vocational training and human resources development.
