3. PROFILE OF SKILLS AND COMPETENCES

Master craftsmen/mistresses in Sign and illuminated advertising manufacturer have the professional, methodological, social and personal skills to manage and organise a Sign and illuminated advertising manufacturer trade. In consideration of the customer requirements you can:

- develop a range of services and offer services, in particular:
 - take into account application methods, types and properties of materials to be worked and processed and legal, organisational and technical aspects,
 - create, correct and evaluate work plans, sketches and drawings manually or mechanically,
 - develop concepts for operating and warehouse equipment as well as for logistical business and work processes,
 - determine customer requirements, advise customers, calculate services, prepare quotations and conclude contracts,
 - award subcontracts based on criteria and monitor their execution,
 - analyse and evaluate tenders and service specifications,
- provide service, in particular
 - conceive, plan, design and manufacture actively illuminated, passively photoluminescent, illuminated or non-illuminated information, communication and advertising systems for indoor and outdoor areas,
 - install and connect electric and electronics for information, communication and advertising systems,
 - apply films and coatings and test substrates for this purpose,
 - produce lettering and pictorial representations manually or mechanically, analogue or digital,
 - apply printing and coating techniques in the production process,
 - plan and apply joining techniques in accordance with the fastening, joining and anchoring methods,
 - install and remove components relevant for foiling, coating and processing,
 - modify, modernise, refurbish, maintain and repair existing communication, information and advertising systems with a view to sustainability,
- Checking, documenting, handing over and invoicing services, in particular
 - Check services, eliminate defects, analyse and eliminate faults,
 - create disposal concepts and disposal certificates.

In doing so, you make commercial, human resources and legally justified decisions, implement them and justify them. This includes in particular:

- plan, control and monitor work and business processes in a responsible position from an entrepreneurial perspective as well as ensure quality and sustainability,
- lead employees, enable further training and implement personnel development measures,
- qualify trainees in their craft in consideration of pedagogical and legal-organisational requirements.
